Introduction

How I got started

I have been racing for 7 years now. 4 years ago I moved to the US from South Africa to further my career (IT) and Racing. When i was 12 I learnt to ride my fathers PE175 around the block, since then my love for motor sports and MX has progressed with passion and dedication to the sport. Being a very competitive person has always driven to me to do my best in anything that I do (skateboarding, snowboarding, water skiing, surfing etc.). My ultimate goal is (including in life) is to push my boundaries to an extent that I feel I have given 100% and am still having fun.

I am a friendly, competitive MX racer with realistic goals and the ability to shine within the crowds, I am not necessarily the fastest rider on the track however, I make up for this with desire, creativity and friendly positive attitude.

Sponsorship Opportunities

Sponsorship Advantages

- ◆ Local exposure of Products and Services of Sponsor
- ◆ "Cross exposure" of main sponsors through to motocross which is an strategic advantage.
- ◆ Product image - create a positive presence within the motocross market by supporting racers

Sponsorship Return on Investment

- ◆ Corporate Logo - I will use any form of requested logo on my motorcycle (2007 CRF450) and on my gear (jersey). These logos are up to your discretion within reason.
- ◆ As a main sponsor and this would be the main logos on the side (Shroud) of my motorcycle and will be up to your discretion within reason.
- ◆ I will also reference your company/companies in any interview type scenario and as my sponsor whenever possible (at each race event, media, press releases and my website <http://www.paups.com/mx/mx.htm>)
- ◆ I will also promote your products to the best of my ability based on a unbiased opinion to my friends, family and competitors.
